

PRO BONO Planning & Evaluation SERVICES

Not-for-profits have a positive impact in our communities.

In an effort to further strengthen the not-for-profit sector, Health in Common is providing pro bono planning and evaluation services. Pro bono services can include facilitating stakeholder engagement, developing a strategic plan or evaluating an initiative.

Initiatives with services valued between \$5,000 and \$20,000 with a realistic plan to implement (within one year or less) will be considered.

Government departments, individuals, political activities and exclusively religious initiatives are not eligible.

An application outline can be found at healthincommon.ca.

The deadline for applications is November 19, 2021.

Applications will be reviewed in December; services for successful applicants will not start before February 1st. The next call for applications is expected in the 2022-23 fiscal year.

Health in Common is a not-for-profit organization that provides planning and evaluation services on a fee-for-service basis. Grounded in years of community based experience, Health in Common's knowledge and skills provide a practical, capacity building approach to planning and evaluation.

If you have questions or need assistance, please contact Cathy Steven.

PROPOSED PROJECT OVERVIEW

— max. 4 pages —

1. Please describe the 'final product' expected.
What do you want to have at the end? What objectives will be met? How will Health in Common know their work is done?
2. Please describe the services requested.
What steps will get you to the intended outcome or final product? What would you like Health in Common to do with you?
3. What change (social, economic or environmental) do you expect as a result?
What will change? How will you use the 'final product'?
4. What is your projected timeframe for the work, including external timelines (e.g. funding report deadline)?
5. Who will be involved in the process, including specific staff, external stakeholders, community members, funders etc.? How will they be involved?

Position and Organization	Internal or External	Role

6. Please describe how this initiative addresses community identified issues.
7. Please outline resources, including staff time, available to support project implementation.
How much time will staff allocate to the project? What is your project budget?

Required Attachments

1. Organizational Information section completed
2. Proposed Project Overview section completed
3. Eligibility Requirements Checklist
4. Board minutes with motion to approve current organizational plan (operational or strategic)

**Please send completed application by e-mail to csteven@healthincommon.ca,
no later than Friday, November 19, 2021.**

ELIGIBILITY

REQUIREMENTS CHECKLIST

Health in Common's pro bono planning and evaluation services are intended for not-for-profits that cannot afford fee-for-service. To be eligible for Health in Common's pro bono services, your organization must meet the following requirements:

- 1. Non-Profit Incorporation/Charitable Registration**

Your organization is incorporated as a non-profit organization or registered as a charity in Canada.
- 2. Annual Budget Under \$2 Million**

Your organization's budget must be \$2 million or less. Organizations with an operating budget under \$2 million that are part of a larger organization (e.g. hospital/university) with a budget over \$2 million are not eligible.
- 3. Human Resource Capacity**

Your organization must have a Board of Directors and staff/volunteers with the capacity to implement the recommendations or plan resulting from the services provided.
- 4. Manitoba Operations**

Your organization must operate locally within Manitoba and benefit Manitobans.
- 5. Twelve-Month Project Timeline**

Your organization must have a project that can be completed in twelve months. While there is an opportunity to engage Health in Common again, we generally advise clients to re-apply after recommendations or plans from the prior engagement have been implemented.
- 6. Project Expenses**

Your project must not require Health in Common or its volunteers to incur expenses. This excludes general expenses associated with commuting within Winnipeg.
- 7. Engagement Evaluation**

Your organization must be committed to a pre- and post-engagement evaluation process, including completing a capacity building assessment and participating in follow-up meetings with Health in Common leadership to discuss project success.

If your organization meets the above eligibility criteria, please review our Client Selection Process and Timeline before applying. If you have questions about your organization's eligibility, please get in touch with Cathy Steven at csteven@healthincommon.ca.

SELECTION PROCESS & TIMELINES

Please consult the table below to see if our selection timelines work for you.

STEP	2021-2022	2022-2023
Application Deadline	November 19, 2021	November 2022
Decision	December 2021	December 2022
Service Agreement	January 2022	January 2023
Project Start*	February 2022	February 2023
Project Close*	February 2023	February 2024

*While projects may not require a full year to complete, implementation must happen within this timeframe.

To submit your project application, please complete and submit our [Services Application](#).
